Tradition Appellation Buzet Contrôlée

A number of years ago, the Buzet winemakers decided to return to tradition and make a wine identical to the one their fathers made. Although experienced in modern techniques, they didn't want to reject the tastes enjoyed by their ancestors. So they made a wine which 'suited them well', as they like to say – a wine of memory. And this wine, in which we find everything that creates the typicity of the Buzet appellation, was given the name 'Tradition'. No other word could quite evoke what they wanted to express with this wine. It was, and still is, a great success.
