1921 monastrell

"1921 Monastrell" is a wine made from a unique vineyard; a very special collection of plants planted in 1921.

This historic vineyard is located 574 meters above sea level, on sandy soils. The great aging of the vineyard and the determined soil creates a well-balanced wine with very fine tannins.

To respect the identity of this vineyard as much as possible, we have made a very delicate maceration and soft aging, in large barrels of 500 liters and slowly toasted.

"Bright cherry colour, with middle layer. Good aromatic intensity, with clean aromas of plums, pomegranates and with a creamy toasting.

In mouth, it has a soft entrance, with a great medium step and a very fresh finish. This great balance and the low load of the vineyard transmit in a great tasteful harmony."

VARIETIES: Monastrell 90%, Tortosí 10%

ORIGIN: A single vineyard in Alicante Mountains (La Canyada)

AGING: 12 months in 500 liters french oak barrels. 1 year in bottle.
