Enterprise Riesling

2022

Purity, power, persistence. Lime leaf and green apple aromas invigorate the senses. Flavours are delicate and bright but with power to persist, held together with precise acidity. The palate finishes with clean, slate minerality. Careful cellaring and patience will reward with graceful ageing.

VINEYARDS

The unique terroir of the Enterprise Vineyard grows exceptional Riesling for our single vineyard wines. The combination of vine age, soils, aspect and elevation produce elegant wines, always considered a benchmark from each vintage.

VINTAGE

A wet spring, with record November rain saw full dams and soil moisture making for a positive start to the growing season. Cool conditions during December and January provided long steady ripening conditions, perfect for developing a combination of fruit flavours.

AWARDS

- 96 Points | Wine Orbit
- 94 Points | James Suckling
- 94 Points | Winestate
- 94 Points | The Wine Front

TECHNICAL INFORMATION

Vineyard	ENTERPRISE VINEYARD
Harvest	MARCH 2022
